

INDUSTRIAL TIRES

Industrial Tires—
built to spec,
made to last.

PRESS-ON BAND • SOLID PNEUMATIC • SKID STEER

Since 1967, Hoosier Wheel has provided quality pneumatic, semi-pneumatic, and solid tires and wheel assemblies to the world's leading OE manufacturers. Over the years we have grown and expanded our engineering and production capabilities to offer a variety of tires and wheel assemblies to meet almost any need. Only one thing hasn't changed: our commitment to superior quality.

We will never relent in our pursuit of perfection and commitment to quality. Our promise to you is to manufacture a superior quality product, to your specifications, and deliver it on time. You have our word.

Industrial Tires —
**built to spec,
 made to last.**

Lawn & Garden		Agriculture		Industrial	
Riding Mowers	Lawn Carts	Planters	Grain Augers	Forklifts	Industrial Carts
Zero-turn Radius Mowers	Aerators	Seeders	and more!	Skid Steers	Wheelbarrows
Green & Fairway Mowers	Tillers	Grain Drills		Rider Pallet Jacks	Generators
Walk-behind Mowers	and more!	Cultivators		Walkie Pallet Jacks	Pressure Washers
Snow Throwers				Floor Cleaning Equipment	Hand Trucks

Call today—let's get rolling.

1.877.206.4762

Forklifts, aerial work platforms, skid steers, pallet jacks... we have tires for them all. Hoosier Wheel has been making high quality OEM semi-pneumatic and solid tires for over 50 years. We are ready to work with your engineering teams to match your ideal performance and price point. We offer both Press-on Band (POB) and Solid Resilient tires in smooth and traction treads as well as black and non-marking rubber compounds.

Industrial Tires —
**built to spec,
made to last.**

Don't see what you're looking for? Give us a call at 1.877.206.4762. We can engineer and manufacture a custom tire just for you.

HIGH QUALITY STANDARDS

Our solid press-on and solid pneumatic style tires are engineered to meet the most rigorous industrial applications. Featuring low-abrasion, chunk-resistant rubber compounds and engineered multi-layer construction and profiles, our tires offer the ideal balance of long tire life, stability, and rider comfort. This results in reduced equipment operating costs and more time to focus on your business.

- High Tensile Strength
- Maximum Comfort
- Reduced Driver Fatigue
- Exceptional Traction for Long Tire Life
- Reduced Chipping & Chunking
- No Scuff - Non-Marking Compound

Skid Steer Tires

Tire Size	Rim	Tread Option	Cushion Option	Tire Dimensions (in.)		Load Capacity (lbs)	
				Overall Diameter	Overall Width	6 mph	4 mph
31 x 10 - 16	6.00 - 16	Smooth / Traction	Plain / Aperture	30.9	9.9	3480	7700
31 x 10 - 20	7.50 - 20	Smooth / Traction	Plain / Aperture	30.9	9.9	3660	8100
33 x 12 - 20	7.50 - 20	Smooth / Traction	Plain / Aperture	32.9	11.3	4720	10400

- Heavy Duty Side Wall
- Reinforced with Bead Wires

- Cut Resistant Tread
- Chunk Resistant Compound

Traction - Aperture

- Comfortable Ride
- Reduced Heat Build-Up

Traction - Non Aperture

- Self-Cleaning Tread
- Increased Grip & Stability

Smooth - Aperture

- Increased Stability
- Heavy Load Applications

Smooth - Non Aperture

- Increased Turn-Assist Profile
- Reduced Wear & Tear

WE FOCUS ON THE NEEDS OF INDUSTRY PROFESSIONALS

At Hoosier Wheel, we know how important it is to maintain a quality fleet of industrial machines to keep your business operating at maximum potential. Part replacement can be a hassle and cost you precious time and money, which is why we strive to provide you with quality products and industry-leading customer service. We have over 50 years of experience in the design, production, distribution, and delivery of OEM-spec tire and wheel assemblies for countless industrial professionals and original equipment manufacturers. We stand by our track record of quality products, at a great value, backed by exceptional customer service. Let us prove it to you!

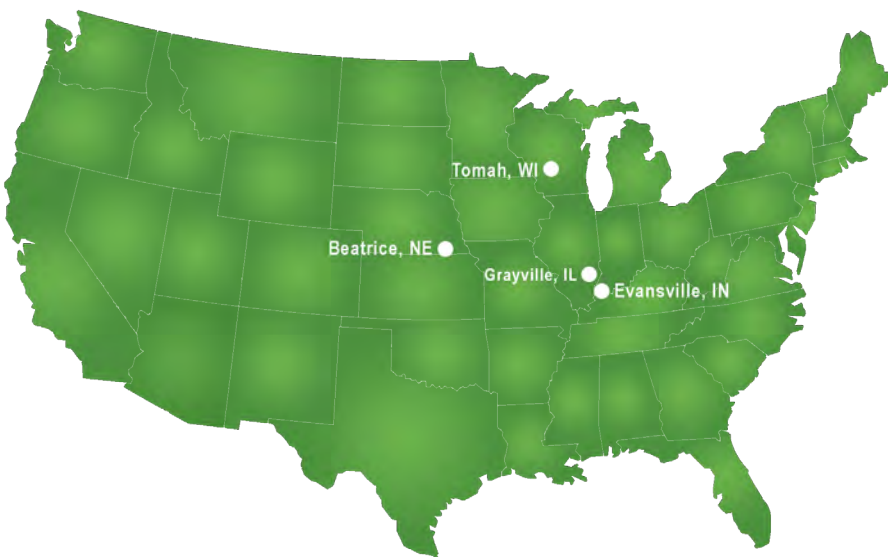

Don't see what you're looking for? Give us a call at 1.877.206.4762. We can engineer and manufacture a custom tire just for you.

A QUALITY promise

Hoosier Wheel promises to manufacture competitively priced products that meet or exceed our customers' requirements for quality and delivery.

Hoosier Wheel's multiple production facilities use only the finest raw materials and manufacture each wheel assembly to strict quality standards, as evidenced by our ISO 9001:2015 registration.
